Where the community inspires and potential thrives
Brand strategy
Why does brand matter?

At the heart of any high-performing organization are guiding principles and values that align strategic intentions with day-to-day operating practices. These guiding principles shape the brand and every expression of it from the company culture to customer interactions and beyond—it is reflected in the website, printed material, marketing and all communications. The creation of a strong brand identity builds internal alignment and customer loyalty. When everyone across an organization speaks with one voice and delivers a consistent message, the people served better understand the value provided.

A brand is organic. A brand truly flourishes when it becomes part of the culture and is reflected in everyone’s roles and responsibilities. The Wheaton College brand framework is built on the college’s core values, its history of progressive education and its strategic vision.

Brand toolkit
**Logo (icon & wordmark)**

The wordmark appears as a lockup with the ‘W’ icon and includes the ‘Massachusetts’ location. This is the primary and preferred presentation of the logo, as it strongly associates the identity of the college with the icon and reinforces the college’s location.

**College identity**

The ‘W’ icon, a customization of the Effra ‘W’ letterform, provides a powerful and simple symbol that is used to create a strong and recognizable mark on print and other collateral. The use of the ‘W’ honors the college’s past use of the letter as an icon while its design brings a contemporary look and focus to the future.
Wordmark font

The Wheaton College wordmark is designed in Effra, an open, accessible, sans serif font whose roots date back to the time of the college’s founding. The use of sans serif and lowercase creates a modern and approachable wordmark that reflects the continued evolution of the school’s progressive and humanistic education, its welcoming culture and its spirit of innovation. Wheaton College is always capitalized in text, only appearing in lowercase when the wordmark graphic is used.

Wheaton College competes with liberal arts colleges and universities in New England and beyond. While the use of sans serif and lowercase fonts are increasingly prevalent in the consumer product and service market, Wheaton College’s strongest competitors all use a serif font for their wordmark. When compared to the competition, the sans serif, lowercase Wheaton College mark projects a strong contemporary image that positions the college as one that, while rooted in the past, is thriving in the present.

Location

Including the location with the wordmark differentiates the school clearly from the Wheaton College in Illinois. It creates a declarative statement that we are proud of our history and location. It is included in applications for audiences who are not yet familiar with the school.
Alternate lockups

The full lockup version of the wordmark and icon (as shown on page 14) should be used in most instances. However, given the wide variety of contexts in which the college’s wordmark and icon appear, there are several alternate presentations of the wordmark that may be used in certain circumstances.

**Without the icon**

On some occasions, the full lockup of the wordmark with the ‘W’ icon may be repetitive, such as when the icon is displayed as a design element. In such cases, the wordmark may include a version without the ‘W’ icon and one without the ‘Massachusetts’ location. *Use of these alternatives should be reserved for uses that are internal to the campus community*, such as signage.

**Without the location**

The location of Wheaton College is an important element for differentiation from Wheaton College in Illinois, and its inclusion is preferred in most instances. However, *for on-campus uses, the wordmark and icon without the ‘Massachusetts’ is an option.*

**Stacked presentation**

Stacking the ‘W’ icon above the wordmark creates a square layout format that allows the identity to be used effectively in certain circumstances, such as on branded apparel and on some digital platforms. *This layout option should be used sparingly and only when required.* The full lockup shown on page 14 remains the primary logo or mark of the institution and should be used in most instances.
Logo: ‘W’ icon

The rich signature blue and ‘W’ icon adds an appropriate amount of gravitas and weight to the identity. The ‘W’ icon used untethered from the wordmark creates dynamic graphic energy that reflects Wheaton College’s diverse culture and progressive education. The bold photography and graphic style reflect and amplify the refreshed identity and further differentiate the school from its competitors.

In most cases, it is preferable to pair the W icon with the wordmark as shown on the preceding pages, or including the wordmark elsewhere on the publication or product. This serves to reinforce the identity of the W as a college brandmark.
Logo: clear space & size

The logo should be isolated from competing text, images and graphics by surrounding it on all sides with an adequate clear space that is equal to the height of the ‘W’ icon. For the stacked logo, use the height of the wordmark. Minimum sizes are provided for print and digital use.

- Wheaton College Massachusetts
Logo: primary color

The primary icon and wordmark color is Wheaton blue. The icon and wordmark are dropped out of solid backgrounds and photography.
Icon & wordmark: misuse

Do not alter the icon in any way. Avoid physical distortions and special effects such as drop shadows. Below are some examples of misuse.

- Filling with another color from the palette
- Mixing the colors
- Filling with a color gradient
- Applying a drop shadow
- Outlining the wordmark or "W" icon
Placing the wordmark or 'W' icon in a holding shape

Placing the wordmark or 'W' icon on a gradient background

Stretching in any direction

Changing the font

Rearranging elements
College seal

The seal is the college’s most enduring institutional symbol, dating from the time Wheaton became a four-year college in 1912, when it was created entirely as an artist’s drawing. The seal should be used for applications with audiences that know us well (the college’s alumni, current students, faculty and staff), and within activities and materials of major institutional importance or impactful personal accomplishments. The seal should not be used as the sole identifier for external audiences that do not know the college.
Athletics identities

- The word Athletics must always be used in partnership with Wheaton College athletics wordmarks.

- The Lyons mascot icon must always be accompanied with either the Wheaton Lyons full lockup, or another Wheaton Athletics mark must be used in another placement of the same production.

- Do not create a logo by associating the Lyons mascot icon with “Wheaton Athletics” or Wheaton sports name graphics.

- Note: Sport names are typeset as “Wheaton” (larger) and the name of the sport below (smaller). These are available for use as graphics and can be acquired from Resource Space.
The Lyons logo is always edged in white. A reversed version of the logo is available that is also edged in white for maximum visibility on colored surfaces.
Color

Primary color pair

Wheaton blue has evolved through the years, sometimes darker, sometimes brighter and not always consistent. By adopting this vibrant and strong blue and using it consistently in all applications, the brand is strengthened and becomes more clearly memorable. (The color palette for electronic display can be found on page 33 of these guidelines.)
Complementary and neutral colors

This set of complementary and neutral colors support the primary and secondary colors. Along with photography, they are used to add variety and highlights. The primary and secondary colors should always be dominant, instead choose one or two colors that best support the application.
Typography: fonts

Primary display font: Effra

Effra is used for both headlines and body text. It comes in a variety of weights, allowing for flexibility in type treatment.*

Alternative display font: Arial

Arial should be used in those instances where Effra is not available.

Correspondence print font: Abril

Abril is used only for body text in printed materials such as correspondence. Serif fonts are not to be used for headlines, titles, ethos statements, or online display.

Alternative print font: Palatino

Palatino is used for word processing and other applications where Abril is not available. As with Abril, Palatino is not to be used for headlines, titles ethos statements, or online display.

Typography: font case

- Standard sentence-case is used for bold ethos statements in strong graphic treatments.
- Wheaton College NEVER appears in body copy as entirely lowercase except in the logo.*
- Headlines and titles are sentence-case with sentence capitalization. (Boston Globe style not New York Times style) e.g. This is your campus—vibrant, diverse, engaged.” NOT... “This is Your Campus—Vibrant, Diverse, Engaged.”
- Proper names are always capitalized e.g. “A conversation with web designer, mother and professional beat boxer Camille” or “What is the Wheaton Edge?”
- Ampersands can be used in section heads but not titles (unless it is part of a proper name) e.g. “News & Events” is fine...“Camille: web designer, mother & professional beat boxer” is not.
- All caps can be used selectively for section subheads, web links, etc., but not titles. All caps should only be used sparingly for emphasis.
- All caps is never used for headlines, titles or ethos statements e.g. “AN EDUCATION WITH EXPERIENCE” is not within the Wheaton College typographic brand.

*The Wheaton College wordmark is designed in Effra, an open, accessible, sans serif font whose roots date back to the time of the college’s founding. The use of sans serif and lowercase creates a modern and approachable wordmark that reflects the continued evolution of the school’s progressive and humanistic education, its welcoming culture and its spirit of innovation.
Typography: paragraph styles

With the range of weights in Effra and careful use of paragraph styling, text is clearly and elegantly presented. The paragraph styles for this book are shown in the following examples. These are the baseline styles for all communications. They are flexible, however, and can be adjusted accordingly. Simply maintain the hierarchies of size and weight.

## Accessibility standards of color contrast

**Using 262D32 colored type, according to WCAG 2.1 Level AA contrast standards:**

Wheaton blue, green, and dark gray *do not* support enough contrast using type colored with 262D32 to meet accessibility standards. White (FFFFFF) is acceptable.

*Red does not support* 262D32 or white (FFFFFF) below 18px.

Lime, squash, orange, purple, sky blue, light gray, and medium gray *can* have 262D32 type on them and meet contrast standards for accessibility.

Links set in Wheaton blue (1274B8) *do not* meet contrast standards for accessibility when set over *any* color in this palette.

The Wheaton College voice is engaging, passionate and clear. It is honest, unpretentious, accessible, conversational and deeply optimistic.

Ethos statements and headlines are declarative, underscoring the primary values that support the brand and define the Wheaton College experience. Supporting text is written in the active voice and is free from extravagant use of superlatives and jargon. The voice reflects the culture. It is welcoming, informative and smart.
Empowering students to pursue their passion

Progressive education with timeless values

Igniting the spark of possibility

Liberal arts unbound

Connections and confidence for life
Design intent

In both print and digital, Wheaton College materials are modern and memorable, relying on an energetic visual vocabulary that is innovative yet approachable, presenting an open invitation that is ripe with possibility.

Balancing a vibrant, energetic approach that is distinctive but never chaotic, Wheaton College design is, above all, intentional and thoughtful. The use of oversized headlines, bold color, transparencies, text overlay and full-bleed images are all part of the tools. Because there are no set templates for design, it is up to the designer to choose the appropriate elements and balance the use of strong and quieter elements to evoke the brand.

A semi-transparent ‘W’ icon on a photograph is bold and memorable.
Less is more

Design
Choose elements in the toolkit carefully. Let the brand identity shine. Use only what is needed to get the idea across. It is not necessary to ‘decorate’ print or online collateral. Rely on strong photography. Avoid adding extra design elements, lines, squiggles, etc. Never use clip art or canned illustrations, if there is no photography, use bold text, vibrant colors and texture.

Evoke, don’t explain

Content
We respond strongly when images and words are evocative and emotional. Use strong photography and evocative language to get attention. Details can be included in simple and clear text with data points as needed. Evaluate each application and include only the content needed to create action.

Have a point of view

Tone
Use declarative statements and a strong, active voice. Create memorable pieces by communicating clearly and with passion. Use first person quotes and personal stories. Create a clear call-to-action.
Photography

Strong photography is a primary element of the Wheaton College brand. The quality of the photograph is as important as the subject. All photography should be the highest quality. This is true for marketing materials as well as photographs used to document events. Great light, thoughtful cropping, good color, the right moment, interesting detail, strong composition and distance from the subject are all important considerations when taking and choosing photographs.
